PROFESSIONAL SUMMARY

B.E CSE student passionate about software development and cloud technologies. Experienced in building full-stack applications using SDLC, Agile, and Git version control. Eager to apply strong problem-solving skills to deliver scalable, real-world solutions.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering (B.E CSE)

Kamaraj College of Engineering and Technology, Virudhunagar | 2024 – 2028 (Pursuing) | CGPA: 6.5/10

SSLC

KVS Higher Secondary School (2021 – 2022) Percentage : 70%

HSC

KVS Higher Secondary School (2023 – 2024) Percentage : 66%

TECHNICAL SKILLS

- **Programming Languages:** Basic Python, Java
- **Web Technologies:** HTML, CSS
- **Database:** MySQL
- **Practices & Tools:** Github ,Vscode ,Microsoft Office

PROJECTS

CROPYIELD – AI-Powered Crop Growth & Yield Prediction Platform

- Developed an ML platform to predict crop yield using crop, soil, and environmental factors.
- Used data preprocessing and feature scaling to improve prediction accuracy.

INTERSHIPS

Machine Learning Paruvaththe Payir Sei, Panith Innovations

Developed and implemented real-world Machine Learning solutions during internships, working across data preprocessing, model development, computer vision, and AI integration to build practical, production-oriented applications.

CERTIFICATIONS

- Programming Fundamentals using Python – Infosys (Springboard)
- Database Management System – Infosys (Springboard)
- Networking – Cisco
